Salma : Yes, that's right.

3 Read the following text and answer the questions.

In some ways, humans are similar to plants. Think about our circulatory system. Instead of water, our veins and arteries carry blood around our bodies.

Arteries move blood away from our heart. Veins carry blood to it. The nutrients and oxygen that we need are in our blood. But we don't use carbon dioxide like plants do. Humans need sunlight, too. We can't make our own food, but we get vitamin D from sunlight. This can help protect us from getting sick. Sunlight also makes a lot of people feel happy.

A. Choose the correct answer from a, b, c or d.

1. The main ways to carry blood in and out of the heart are veins and ....

   a. lungs   b. noses   c. stomach   d. arteries

2. Our blood has .... and oxygen that we need.

   a. salt   b. nutrients   c. carbon dioxide   d. sugar

B. Answer the following questions.

3. What is the text about ?

   ....

4. What will happen if we don't get enough vitamin D ?

   ....

4 The reader

A. Read and write T (True) or F (False).

Sample Test 10

1 Listen and answer the questions.

1. What is all the animals and plants in an area called ?

....

2. What is an example of a small ecosystem ?

....

3. What do living things and non-living things do in an ecosystem ?

....

4. Why do the different species need each other ?

....

2 Read and complete the following dialogue with the words from the list.

museum – work – Agriculture – important – go

Taha : Hello, my name's Mr Taha.

Ramy : Where do you (1) .... ?

Taha : I work at the (2) ....

Ramy : Oh great! Why was agriculture (3) .... in ancient Egypt ?

Taha : (4) .... was a very important part of the economy of ancient Egypt.

Ramy : That sounds wonderful.

3 Read the following text and answer the questions.

Hello Nada,

How are you ? We had a really fun history class yesterday.
We were learning about ancient monuments. First, my teacher
Mrs Huda wrote six countries on the board.

Then, she put photographs of six monuments on the desk. We had to guess what the artifacts were, how old they were, and where they came from. We worked in groups and we shared our ideas with the class. Finally, Mrs Huda told us the answers. The group with the most correct answers were the winners. It was fun! Let's meet at the weekend.

Reem

A. Choose the correct answer from a, b, c or d :

1. Reem was in the .... yesterday.

a. cinema b. park c. house d. school

2. Mrs Huda put photographs of six monuments on the ....

a. desk b. roof c. chair d. bed

B. Answer the following questions :

3. Who is this email to ?

....

4. What did Reem do with her team ?

....

4 The reader

A. Read and write T (True) or F (False).

	T	F
1. Turtles lay their eggs in the sand.		
2. Crocodiles eat seagrass.		

B. Complete the following sentences.

1. Jubari decided to go .... to look for the Wadi of the Gazelles.

2. Jubari saw a .... in Ras Hankorab beach.

5 Choose the correct answer from a, b, c or d.

1. That smells really good. .... you baked a cake ?

a. Are b. Do c. Have d. Has

2. Have you ever .... to China ?

a. be b. being c. were d. been

3. I .... my homework yet.

a. didn't finish b. haven't finished c. finished d. finishes

4. I think it .... rain tomorrow.

a. will b. had c. is d. must

6 Put the words in the correct order to make sentences.

1. fly – in - a hot - you - Would - like to - air balloon ?

....

2. soil - and - wood - resources - include - Natural.

Listening Texts

Sample Tests on Units

1. Listening Texts of units tests.

Listen and answer the questions :

Sample Test on Unit 1 :

Mangrove trees can grow in salt water. They are important because they protect the marine ecosystem. The leaves of mangrove trees take more carbon dioxide from the air than other trees. Bees can make a lot of honey from the flowers of mangrove trees.

Sample Test on Unit 2 :

Rwanda is a beautiful country in Africa. It has one of man-made wonders of Africa, the Canopy Walk. Visitors to Rwanda can have an amazing rainforest adventure on the Canopy Walk. The bridge was built in 2010 which is the highest part of the trees. The visitors can see monkeys and birds.

Sample Test on Unit 3 :

Water is a liquid. If we freeze water, it turns into ice. Ice is a solid. When ice melts, it becomes a liquid. When we boil water, it turns into steam.

Sample Test on Unit 4 :

Astronauts are interested in stars and planets. They study the planets. There are eight planets in our solar system. Astronauts stay and live in the International Space Station.

2. Listening Texts.

Sample Test 1

I'm Eman. I want to be an astronaut. I'm interested in the stars and the planets. It's important to study other planets because it helps us solve some of the Earth's problems. It looks fun to live without gravity. Without gravity the people float all the time.

Sample Test 2

Nabq is a very big National park in South Sinai. Along the coast here, there're 4.8 Kilometors of mangrove forest which is the largest in the Red Sea. We went there to learn why mangrove forests are so important for the marine ecosystem. Mangrove trees can grow in salt water. Mangrove roots grow out of water to get oxygen.

Sample Test 3

Mazen and his family are healthy. I love sports. My sister plays tennis. My mom walks to work to stay healthy. My dad rides his bike. We always eat healthy food.

Sample Test 4

I'm Reem. I live in Luxor. I told my mom that I wanted to fly like a bird. My mom bought us tickets for the Luxor hot air balloon festival. I watched a hot air balloon pilot as he lit the flames. My family and I saw different kites flying in the sky. Soon, we were flying over the beautiful city of Luxor.

Sample Test 5

My name is Jana. When I grow up, I'd love to be an engineer like my uncle Wael. His job sounds really interesting. Engineers help make things such as skateboards and roads ! Uncle Wael says that you need to understand science to do this job.

Sample Test 6

Mangrove trees help the environment in many ways. They protect the marine ecosystem. Many little fish swim among the roots of the trees, so the roots are very important because bigger fish can't catch them. The leaves of the mangrove trees take four times more carbon dioxide from air than other kinds of trees.

Sample Test 7

In science class today, our teacher put some water in a pan. She heated the water until it boiled. Some of the water turned to steam. Then we poured the water into a container, and put it in a freezer. The water froze and turned to ice.

Sample Test 8

Agriculture was a very important part of the economy of ancient Egypt. The Nile flooded every year and made the soil fertile. Farmers grew a lot of different crops such as cotton and rice.

Sample Test 9

I'm Nader. My cousin Ali who lives in the Sinai Peninsula told me a lot about the area where he lives. He lives close to a mountain which is called Mount Sinai. I have another cousin, Hany who lives near a wadi.

Sample Test 10

An ecosystem is all the animals and plants in an area. The ecosystem can be as small as a pond or as big as a forest. In an ecosystem, living things interact with non-living things. The different species in an ecosystem make a community. These different species need each other to survive.

Day 1

1 Listen and choose the correct answer from a,b,c or d:

A. When I was in Luxor, I told my mom that I wanted to fly like a bird. My mom bought us tickets for the Luxor hot air balloon festival. I watched a hot air balloon pilot lit the flames. Soon, we were flying over the beautiful city of Luxor.

B. My name is Jana. When I grow up, I'd love to be an engineer like my Uncle Wael. His job sounds really interesting. They help make things such as skateboards and roads ! Uncle Wael says that you need to understand science to do this job.

1 Cairo Governorate
Ain Shams Educational Directorate

Listen and choose the correct answer.

Ancient Egypt was very successful. Ancient Egypt had good natural resources. Agriculture was a very important part of the economy of Ancient Egypt. The Nile flooded every year and made the soil fertile. Farmers grew lots of different crops, such as cotton and rice.

2 Giza Governorate
El-Warraq Educational Directorate

Listen and choose the correct answer.

Nabq is a very big National Park in South Sinai. Along the coast, there are 4.8 kilometers of mangrove forests. Mangrove forests are so important for the marine ecosystem. Mangrove forests can grow in salt water. Trees grow out of the sea there. They're amazing roots. The roots grow high out of the water.

3 Alexandria Governorate
El-Montazah Educational Directorate

Listen and choose the correct answer.

In North Africa, there are paintings on rocks and in caves which people made thousands of years ago. They often show animals and people. Archaeologists think that the Sahara wasn't as dry in the past because some of the paintings show animals such as crocodiles that live in water.

4 Qalyoubia Governorate
English Supervision

Listen and choose the correct answer.

Last week, Heba went on a school trip to Nabq. Nabq is a very big National Park. It is in South Sinai. Heba learned that the mangrove trees can grow in salt water. The mangrove trees protect the living things and the non-living things in the marine ecosystem. They help us with global warming.

5 El-Sharqia Governorate
East Zagazig Educational Directorate

Listen and choose the correct answer.

Enas is a healthy girl. She eats healthy food like fruit and vegetables. She loves sports. She plays tennis. In the evening, she reads a book.

6 Menofia Governorate
Ashmoon Educational Directorate

Listen and choose the correct answer.

Victoria Falls is on the Zambezi River, on the border between Zambia and Zimbabwe. It's 1,708 meters wide and 108 meters high. Every minute, over 5 million cubic meters of water falls into a big canyon which the

water has eroded. When the water falls, it makes a lot of noise!

7 El Gharbia Governorate
English Supervision

Listen and choose the correct answer.
We should be proud of our beautiful country. Many people think that Egypt is only a desert. It's true that 90% of Egypt is desert, but we also have beautiful green lands near the Nile. There are mountains in the south and east. It snows in the Sinai region. We are helpful to each other and friendly to visitors. We are very hospitable people.

8 Dakahlia Governorate
West Mansoura Educational Directorate

Listen and choose the correct answer.
I will go on a trip to Luxor. We are planning a four-day trip. We will visit Karnak Temple on the second day. It will be a fantastic trip. We will enjoy our day. We will come back by train.

9 El-Beheira Governorate
Kom Hamada Educational Directorate

Listen and choose the correct answer.
Mai is a wildlife photographer. She has been to the Amazon rainforest. A lot of people are cutting down the trees of the Amazon rainforest. The Amazon rainforest is a very important ecosystem. All the living things in it need each other.

10 Kafr El-Sheikh Governorate
English Supervision

Listen and choose the correct answer.
Last week, our class went on a trip to the waterfalls at Wadi El Rayan. It was beautiful ! There are two lakes there: one at the top of the waterfalls and one at the bottom. The waterfalls are 67 meters high, so the sound of water falling is very loud. We learned that the water comes from an oasis in the desert. An oasis is a place in the desert with water.

11 Damietta Governorate
Damietta Educational Directorate

Listen and choose the correct answer.
Mangrove trees help the environment in many ways. Mangrove trees can grow in salt water. Mangrove trees protect the non-living things and the living things in the marine ecosystem. When there are storms, their deep roots stop the sand washing away. The forests are also a safe home for many animals.

12 Port Said Governorate
English Supervision

Listen and choose the correct answer.
Our country has a great history. Ancient Egypt was very successful because it had good natural resources. Agriculture was a very important part of the economy of ancient Egypt. The Nile flooded every year and made the soil fertile. Farmers grew lots of different crops such as cotton and rice. Ancient Egyptians were also clever at medicine, building and industry.

13 Suez Governorate
South Suez Educational Directorate

Listen and choose the correct answer.
I'm Ali. I'm in primary five. Today, our class is going to do a science experiment. The liquids all have a different mass. The heavier liquids sink to the bottom. The liquids with a lower mass float on top. Ali likes science because it's very interesting.

14 Ismailia Governorate
Fayed Educational Directorate

Listen and choose the correct answer.

Volcanoes are big mountains that can erupt with hot rocks and ash. They can pollute the environment with bad gases. They also can be useful for the farmers. Volcanoes create new land with fertile soil where they can plant many crops.

15 Fayoum Governorate
English Supervision

Listen and choose the correct answer.

Mangrove trees can grow in salt water. They are important. They protect the marine ecosystem. The leaves of mangrove trees take more carbon dioxide from the air than other trees. Bees can make a lot of honey from the flowers of mangrove trees.

16 Beni Suef Governorate
Nasser Educational Directorate

Listen and choose the correct answer.

I will take you to the island of Java. It comes from Java's volcanoes. There are more than 39 volcanoes in Java. Everything is almost made of mud. This makes soil good to grow many crops.

17 Menia Governorate
Maghagha Educational Directorate

Listen and choose the correct answer.

We are a healthy family. My older sister Doaa plays tennis and my younger sister Rehab plays football. My mom is a teacher, she walks to work and dad rides his bike, but they don't play sports. My sisters like to listen to music to relax. It's important for hearts to relax, too.

18 Assuit Governorate
English Supervision

Listen and choose the correct answer.

Mangrove trees help the environment in different ways. Mangrove trees protect the non-living things and the living things in the marine ecosystem. The roots of mangrove trees help them get oxygen. The deep roots stop the sand from washing away. This ecosystem is a safe home for many animals.

19 Sohag Governorate
English Supervision

Listen and choose the correct answer.

I'm Noha. I have a healthy family. My sister Amira plays tennis and my sister Rehab plays football. My mom is a teacher, she walks to work and dad rides his bike, but they don't play sports. My sisters like to listen to music to relax. It's important for our hearts to relax too.

20 Aswan Governorate
Nasr El-Nuba Educational Directorate

Listen and choose the correct answer.

Most people have three meals every day. The main meals are breakfast, lunch, and dinner. It is important to eat healthy food. You should eat fruit and vegetables. You shouldn't drink too many fizzy drinks.

3 Read the following text then answer the questions.

A body system is a collection of parts able to work together to serve a common purpose - growth, reproduction and survival. Each part of a system depends on the other parts to perform tasks that can't be achieved by single parts acting alone. Our bodies are made up of countless cells all requiring oxygen to carry out the important process of respiration. In this process cells use oxygen gas and produce carbon dioxide gas - a waste product that must be removed from the body. The process of breathing allows these gases to be exchanged between the blood and lungs.

A) Choose the correct answer from a, b, c or d.

1. The underlined words "able to" mean ....
   a) can b) can't c) must d) mustn't
2. Our bodies are made up of .... cells.
   a) counted b) countless c) few d) no
3. Cells use .... gas and produce carbon dioxide.
   a) oxygen b) carbon dioxide c) oil d) petrol

B) Answer the following questions.

4. Why do parts of the body work together?

....

5. Where can oxygen and carbon dioxide gases be exchanged?

....

4 The Reader

3 Read the following text then answer the questions.

One summer evening, I was sitting by the open window reading a new story. After a time, it became too dark to read easily. So I put the book down and went up to switch on the light. I was just about to draw the curtains as well, when I heard a loud cry of help! It seemed to come from the trees at the end of the garden. I looked out, but I saw nothing. I used my torch to see my way back home. When I reached the window near the door of the house, I saw a bird sitting on the top of the window. It was a large green and red bird. It was a parrot. It was repeating "Help", but in a weak voice.

Help you ... al with such questions.

1. the - visited - Have - desert - you - ?

....

2. sunlight - from - get - We - vitamin D - .

....

3. food - eat - important - It's - to - healthy - .

....

7 Write a text of FIFTY (50) words about:

Guiding words: **Healthy Diet**

(fat - sugar - vitamins - vegetables - energy - carbohydrates - healthy - good for)

....

....

and dad. We saw lots of different planes flying in the sky, and some of them did amazing moves, flying close to the ground, and then flying around in a circle.

Tests

محافظة القليوبية (1)

1) Listen and choose the correct answer.

Rainforests are characterized by warm climatic conditions throughout the year. The average temperature recorded there ranges from 72 to 93 degrees Fahrenheit.
Rainforests are near the equator. A huge variety of animals can live in the rainforests.

إدارة كوم حمادة (2)

1) Listen and choose the correct answer.

Nabq is a very big national park in South Sinai. Along the coast, there is a mangrove forest. Mangrove forests are so important for the marine life. Mangrove trees can grow in the salt water. They have amazing roots which grow high out of the water.

إدارة أدكو (3)

1) Listen and choose the correct answer.

My name is Jana. When I grow up, I'd love to be an engineer like my uncle Wael. His job sounds really interesting. Engineers help make things such as skateboards and roads. Uncle Wael says that you need to understand maths to do this job. I work hard to be successful in life.

محافظة القليوبية (4)

1) Listen and choose the correct answer.

Nabq is a very big national park in South Sinai. Last week Heba went on a trip there. She learnt that the mangrove trees can grow in salt water. They protect the living things and the non-living things in the marine ecosystem.

إدارة بندر كفر الدوار (5)

1) Listen and choose the correct answer.

Yosof is my friend. He wants to be a pilot. He says that people without gravity float all the time. He is interested in the stars and the planets. Plants help us solve some of the earth's problems.

إدارة الغردقة (6)

1) Listen and choose the correct answer.

Youssef is on a vacation in Dahab with his family. It's near the Red Sea. It has a nice beach. The water in Dahab is so cool. He enjoys swimming in the sea.

Test (7)

1) Listen and choose the correct answer.

Mangrove trees help the environment in different ways. Mangrove trees protect the non-living things and the living things in the marine ecosystem. When there are storms, their deep roots stop the sand from moving away. This ecosystem is also a safe home for many animals.

Test (8)

1) Listen and choose the correct answer.

In some ways, humans are similar to plants. Think about our circulatory system. Instead of water, our veins and arteries carry blood around our bodies. Arteries

move blood away from our heart. Veins carry blood to it. We don't use carbon dioxide like plants do.

Test (9)

1) Listen and choose the correct answer.

Mount Kilimanjaro is made of three volcanoes. Mount Kilimanjaro is the tallest mountain in Africa. Every year, about 25.000 people climb it but it is difficult. The mountain has different ecosystems. At the top there is snow and ice.

Test (10)

1) Listen and choose the correct answer.

The kingfisher visited her friend, the lizard, in a mangrove tree. The lizard was sad. She explained that when people came to the mangrove forest, they cut down the trees. After that, it was difficult for the lizard to find food to eat.

Test (11)

1) Listen and choose the correct answer.

Ancient Egyptian kept bees to make honey over 4.500 years ago. Honey was expensive but an important natural resource. Everyone liked honey because you could use it for many different things. People used honey to make food taste sweet.

Test (12)

1) Listen and choose the correct answer.

Mangrove trees are special because they can grow in salt water. Mangrove forests protect the marine ecosystem. The leaves of mangrove trees take more carbon dioxide from the air than other trees. Bees make special honey from the flowers of mangrove trees.

Test (13)

1) Listen and choose the correct answer.

The lava and ash mix with mud flows, this makes soil fertile where good food grows. When the farmers come back to the land,they thank the volcanoes for the helping hand. Farmers are very happy at the end.

Test (14)

1) Listen and choose the correct answer.

It's summer and Salma and her family are going to Marsa Alam for a holiday. Salma looks out of the car window and sees a sign to the Sukari mine. She's very excited.

Test (15)

1) Listen and choose the correct answer.

Hello, my name's Mr Taha and I work at the museum. I know your class is learning about natural resources, so I'm here today to talk about resources in ancient Egypt. Ancient Egypt had a lot of them.

Test (16)

1) Listen and choose the correct answer.

Copper was a very important metal. It was easy to bend, and people used it to make tools, cooking pots, as well as jewelry. We can see a lot of these objects today in the Egyptian museums.

امتحانات رقم (3)

Specifications for Fifth Year Primary Examination for Governmental, Distinguished and Private Language Schools

Marks: 30	Time: Two hours

A. Listening (6 Marks)

1. Listen and choose the correct answer from a, b, c, or d: (6 Marks)

An unseen listening text of about **SIXTY (60)** words at the appropriate difficulty level for primary **FIVE** followed by **FOUR (4)** MCQs with **FOUR (4)** options each is provided. Learners are asked to listen to the text and circle the correct answer from the four options given.

(One mark and a half each)

B. Reading (13 Marks)

2. Read and complete the text/dialogue with the words from the box:

(4 Marks)

An unseen text from **SEVENTY (70)** to **EIGHTY (80)** words OR a dialogue of **FOUR (4)** exchanges with **FOUR (4)** deletions is provided. A list of **FIVE (5)** separate words related to vocabulary is also given. Learners are asked to complete each deletion in the text or the dialogue with **ONE** of the **FIVE (5)** words given. The first sentence should be written in full. **(One mark each)**

3. Read the following text and answer the questions: (5 Marks)

An unseen literary or informational text from **NINETY (90) to ONE HUNDRED (100)** words is provided. The text should be at the appropriate difficulty level for primary **FIVE**. Learners are asked to answer:

THREE (3) MCQs with **FOUR (4)** options each dealing with **TWO** of the following reading comprehension skills: **(One mark each)**

- Identify the general idea of the text.
- Demonstrate understanding of specific details in a text.
- Determine the meaning of words and phrases in a text.

TWO (2) open ended questions dealing with **TWO** of the following reading comprehension skills:

- Describe the relationship between a series of historical events, scientific ideas or concepts, or steps in technical procedures in a text.

- Make logical inferences from the text.
- Compare and contrast the most important points and key details presented in a text.
- Determine the central message, lesson, or moral and explain how it is conveyed through key details in the text. **(One mark each)**

The Reader (4 Marks)

a) can b)can't c) will d) must

⑥ Put the words in the correct order to make sentence :

1)you - , children –doing – What – tomorrow - are?

....

2) eaten – from – People – fish – have – river - the.

....

3) photographer – to – He – be – wants – a widlife.

....

⑦ Write a paragraph of 50 words using the following guiding words(5 marks)

A man-made wonder

nature – world – important – people – Africa – continent – made - incredible - Pyramids - Sphinx - Valley of the Kings.

Model Exam (3)

① **Listen and choose the correct answer from a, b, c or d: (4 marks)**

1- Rainforests are characterized by............. climatic conditions throughout the year.

a-cold | b- snowy | -warm | d- stormy

2- The average temperature.............there ranges from 72 to 93 degrees Fahrenheit.

a-recorded | b- played | c-needed | d- weeded

3- Rainforests are............. the equator.

a- far | b- near | c-south | d- north

4- A huge............. of animals can live in the rainforests.

a- variety | b-possibility | c- probability | d- ability

② **Read and complete the text with words from the box:(4 marks)**

Waterfalls – sand - made - Nile - making

The valley of Wadi El-Rayan is an area of 1759 km². It is located about 65 km southwest of Faiyum city and 80 km west of the ....(2)........... River. The Wadi has been used for man - ....(2)...........lakes from agricultural drainage which has made a reserve of the two separate Wadi El Rayan Lakes. Among the springs, there are three sulphur springs, with extensive mobile...........(3)...........dunes. Wadi El Rayan Waterfalls are considered to be the largest ....(4)...........in Egypt.

③ **Read the passage and the answer the questions:(4 marks)**

A body system is a collection of parts able to work together to serve a common purpose-growth, reproduction and survival. Each part of a system depends on the other parts to perform tasks that can't be achieved by single parts acting alone. Our bodies are made up of countless cells all requiring oxygen to carry on the important process of respiration. In this process cells use oxygen gas and produce carbon dioxide gas- a waste product that must be removed from the body. The process of breathing allows these gases to be exchanged between the blood and lungs.

A- Answer the following questions:

1- Our bodies are made up of (counted – countless – few – no) cells.

2-Cells use (oxygen - carbon dioxide – oil – petrol) and produce carbon dioxide.

3- Each part of a body system depends on the other parts to (grow – make – take – perform) its task.

B-Answer the following questions:

1-Why do parts of the body work together?

....

2-Where can oxygen and carbon dioxide gases be exchanged?

....

④ The Reader:(3 marks)

A- Read and write true or false: (2 marks)

1-Jubari drank a lot of salty water. ( )
2-Wadi El Gemal is Wadi of the Camels. ( )
3- Jubari is a curious gazelle. ( )
4- The crocodile was kind. ( )

B) Complete the following sentences: (half a Mark each):

1- Jubari's mother showed him which, ... to eat.
2-Ras Hankorab beach was a place for........................

⑤ Choose the correct answer from a,b,c or d: (4 marks)

1-You...................look right and left before crossing the road.
a-must b-mustn't c-can't d-won't
2. I ....finished my homework yet.
a- won't b-hasn't c-don't d-haven't
3. Karma didn't...................to the park yesterday.
a- went b-goes c-go d-going
4. If I had enough money, I ....buy a new car.
a-will b-would c-have d-has
5.Humans .... plants need water.
a-so b-and c-but d-because
6. Dina has a friend .... lives in Siwa.
a-who b-which c-where d-when

⑥ Put the words in the correct order to make sentence :

1-dangerous - is - Global - warming - for – the Earth.

....

2-the tallest - mountain - Mount Kilimanjaro - in - is - Africa.

....

3- Have – ever – Cairo – visited – you ?

....

⑦ Write a paragraph of 50 words using the following guiding words(5 marks)

Natural resources

renewable - sun - soil - nature - solar energy - non-renewable - fossil fuels – coal

LISTENING TEXT

Model Exam (1)

1- Listen and choose :

Mangrove trees help the environment in many ways. Mangrove trees protect the non - living things and the living things in the marine ecosystem. The deep roots stop the sand washing away. The forests are a safe home for many animals.

6. Write a text of FIFTY (50) words using the following guiding elements:

Java Island

An island – many – volcanoes – erupt – ash – lava – people - leave – soil – plants

Listening text (1)

An oasis is a place in the desert which has lots of natural resources. If water didn’t come from under the ground, the plants wouldn’t grow. If you visited an osasis, you would see beautiful trees and flowers in the middle of the desert.

Listening text (2)

You use force to get the bike to move by pushing the pedals. You also use force to stop the bike, by using the brakes. That slows down the or stops the wheels. If you want to increase your speed, push the pedals more quickly.

Listening text (3)

Visitors to Rwanda can have an amazing rainforest adventure on The Canopy Walk in the national park. The bridge was built in 2010. It’s 160 meters long and 74 meters above the ground. It is in the highest part of the trees, so visitors can see monkeys and birds

كيفية طباعة صفحات معينة من ملف معين

مثلا ازاى نطبع الصفحات من صفحة 4 الى صفحة 9

خطوة 1

خطوة 2
اختيار اسم الطابعة بتاعتك

خطوة 3
كتابة الصفحات المراد طباعتها
نكتب رقم 4 ثم نكتب الشرطة دي – ثم نكتب 9

خطوة 4
اختيار نوع الورق

خطوة 5
اختيار A4

خطوة 6
